

I listen to K-LOVE every day. It helps me stay focused on my faith, current music, news, and other interesting topics. K-LOVE serves me well in my community. If K-LOVE was not available any more, or was replaced, it would be a major disappointment. K-LOVE provides the exact music/commentary point of view that I enjoy. K-LOVE meets important family music/commentary needs of my local community by providing excellent broadcasting. No other station meets this specific niche of music. thx, Mark
